

Productivity Places Program

CALL FOR RTO

Expressions Of Interest

The **QLD Fitness, Sport & Recreation Skills Alliance** is giving **Registered Training Organisations** the opportunity to expand their student base and grow their revenue in 2010 and beyond.

We invite RTO's to apply now to become a **preferred provider of Productivity Places Program (PPP) training** to the sport, fitness and recreation industry in Queensland.

PPP is a Federal and State Government-funded program, brokered to our industry by the Skills Alliance. The program aims to provide training places for workers who need additional skills in their current workplace.

- **Cost heavily subsidised by the Skills Alliance**
- **A relevant, industry-led program**
- **Hundreds of training places available over the next four years for the sport, fitness and recreation industry in Queensland.**

As the training is subsidised, this is an opportunity to expand your enrolments to students who normally couldn't afford the full cost of training. Please request or download our **RTO Application form**, complete it and return to the Skills Alliance.

For more info and to download the RTO Application form, visit our Productivity Places Program page at www.skillsalliance.com.au

To request the form please phone us on [07 3367 0833](tel:0733670833)
